

Distribution Enclosure

IP66 UV stabilised 4 way and 8 way weatherproof enclosures are an vitally important part of any solar installation, if you are using DC circuit breaker as isolation. For this reason we have worked hard to produce a very high quality IP66 4 way and 8 way enclosures. This enclosure meets all the required standards and has thus been classed as IP66.

This IP66 4 way and 8 way enclosures are designed to house a range of DIN rail circuit breakers are complete with a spring loaded lockable lid. It also has top, bottom and rear cable entry.
